WELCOME TO THIS ISSUE OF BID NEWS

Alongside the welcomed arrival of brighter evenings, we have been preparing for a vibrant summer of activity ahead. The past quarter has also brought some interesting new projects and opportunities, as we look to leverage greater business support and investment in town.

We are looking forward to engaging more with plans for a refreshed town centre Vision and Parade Masterplan. This work is being lead by the Leamington Transformation Board and will be carried out between now and September. Equally, as pressure on local authority finance increases, we are urging continued investment in the upkeep of public realm, including waste services and pavements.

Our thanks to the businesses who have been in touch in recent months to offer support to the town centre, local businesses and their staff. We love this collaborative approach, and have enjoyed hearing new ideas, which we will showcase along with other networking opportunities on the BID website.

Business crime is another area of rich collaboration and we have welcomed additional policing with measurable results and a new 'safe space', operating on Fridays in the town centre.

Alongside summer preparations we have delivered a range of things to enliven the town this Spring and have more planned.

This includes Spring advertising, Little Book of Offers, Mothers Day and our 'Hop into Leam' Easter trail and promotion. Dinosaurs will also return in the May school holidays and use of our 'Love Leam' App is growing.

Behind the scenes our work on a 'Lights of Leamington' festival in 2025 is now focused on developing funding options, and we are in the final stages of tendering a new Christmas Lights contract.

Looking forward, planning for the Food and Drink Festival in September is well underway with bookings closing soon. As detailed within, many popular events run by other organisations are also returning - please let us know if you need more information.

As always, we are thrilled to welcome a number of new businesses to town, and pleased to see many units are under offer.

The BID team care greatly about our business community and have lots of ways for you to benefit from what we deliver, so please get in touch to learn more and we look forward to seeing you soon.

Love Leam App!

Showcase your business ...

The Love Leam App has launched and has over 400 users. It features offers, events, trails, competitions and more. You can also join the digital loyalty scheme - where App users can collect digital stamps, have loyalty cards in one place, and businesses can communicate directly with their loyal supporters to encourage return visits. Please get in touch if any of this interests you.

www.royal-leamington-spa.co.uk

It gets over 30,000 visits per month, ranks top on Google and supports your website ranking with back-links and images - so it's important to have your profile up to date. We also recommend your 'Google profile' is also up to date. Please ask us for details.

Town Centre Photography

We were delighted to have had over 60 businesses taking part in our summer and Christmas photo shoots with local photographer, Simon Derville. We now have a wonderful library of images that can be used to promote and showcase the town centre offer and by the businesses who took part. This supports our commitment to promote the town centre using authentic images. Our next shoot will be spring / summer, so please let us know if you wish to be involved....

A Vision for Leamington ...

Work on a new Vision and Parade Masterplan has now begun and the team are working with us to ensure businesses are represented. Soon we will circulate a survey and details of further engagement opportunities. If you have any questions or are unable to attend anything please get in touch.

Meanwhile, work continues on various town centre projects, with the Town Hall works beginning soon. We regularly meet with agents representing major property owners including the Royal Priors, House of Fraser, and the Chief Executive of Warwick District Council.

We discuss a range of issues and opportunities including the treatment of vacant units, attracting new investment, waste management, mobility, parking, policing, markets and town centre development sites.

BUSINESS SUPPORT

Parking

Parking in 'south town' car parks is £3 all day - from 8am.

We continue our work to improve access, mobility and parking for everyone, and resist price rises.

Shop Theft ...

Over the past few months a specialist Police unit has been working in town to tackle shop theft and a number of prolific offenders have been caught. This work is ongoing. We also have a dedicated Police Officer.

You can help by reporting suspicious activity. If it is non-emergency, you can report online, or call 101. We have a retail radio in the BID office so during the week we can report activity to CCTV for you.

Please also speak to us about joining WRCI and gaining access to DISC. This is an App based tracking, reporting and communicating tool that links to police. CCTV data can be uploaded here directly.

There are also 'help points' (yellow boxes) in town that connect directly to CCTV.

Lobby Efforts Continue

Last year BID Leamington, alongside other BIDs nationally, extensively lobbied the government for business rates relief - currently 75%.

The challenges facing businesses and communities are still apparent, so as we head towards general elections our lobby efforts continue. We are working with our MP, Councils and BIDs nationally. Feedback is welcome.
